

# MachGenX

POWERED BY MYAPPS SOLUTIONS

**IMPROVING EFFICIENCY FOR  
MANUFACTURING INDUSTRIES**

FUTURE OF EFFICIENT MANUFACTURING

# MachGenX

MachGenX is an IoT powered Machine Monitoring Solution enabling manufacturing industries to modernize production process, integrate facilities, improve machine utilization through data analysis, and increase profitability.

- ✔ CONNECT MACHINE OF ALL SIZE
- ✔ MONITOR MACHINE'S DATA IN REAL-TIME
- ✔ GET PERFORMANCE DATA
- ✔ MULTIPLE DEVICE ACCESSIBILITY

## MACHINE MONITORING SOLUTION'S INDUSTRIAL PERFORMANCE

Reduce Manufacturing Wastage

Reduce Manufacturing Cost

Improve Machine's Performance

Improve Machine's Lifespan

# IMPACTFUL SOLUTION FOR RESULT ORIENTED ENTERPRISES

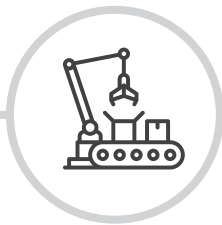

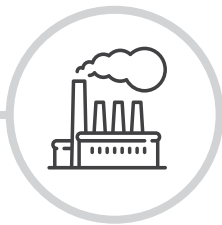

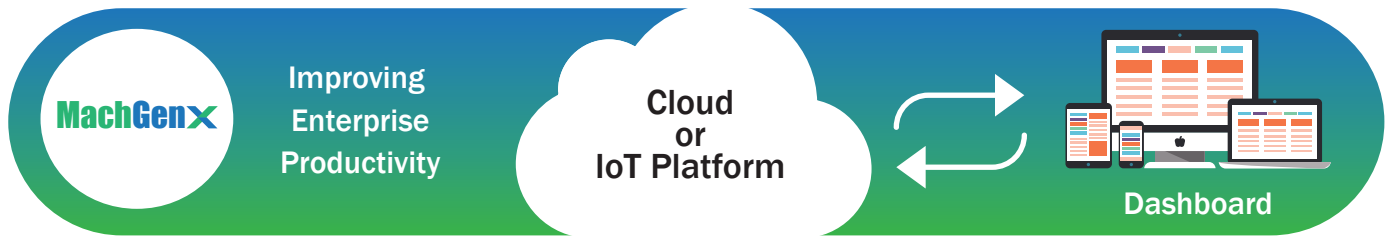

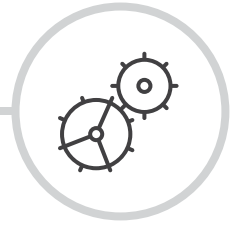

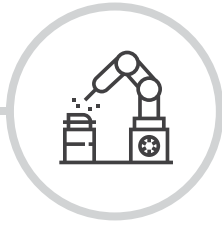

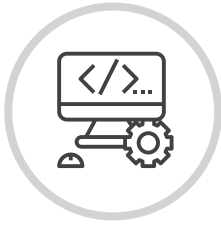

Complete Machine Monitoring

Secure Data Transmission

Smart Data Analytics

Productivity Improvement

Integrates Existing Facility

Textile Industry

Automobile Industry

Auto Components Industry

Industrial Machine Manufacturers

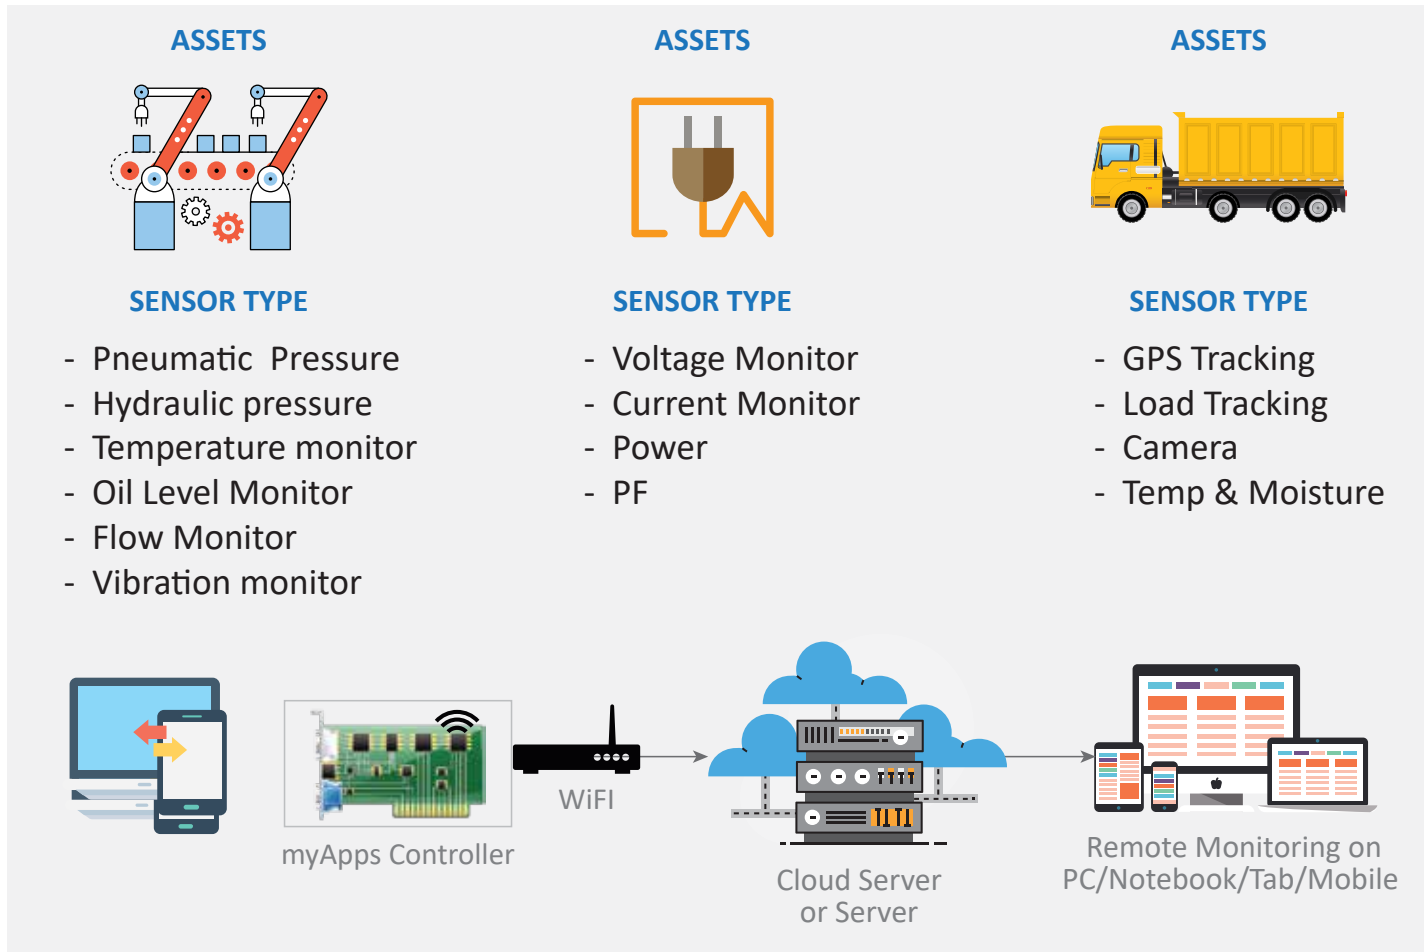

Logistics & Supply Chain Industry

Complete data access across devices

## CASE STUDY

MachGenX provides complete machine monitoring solution, every vital stats and machine's performance is monitored and communicated 24x7.

## ABOUT MYAPPS SOLUTIONS
